

## Buildoffsite Breakfast Briefings

# An introduction to innovative Project Management

By

ALI MAFI

LEAN THINKING LTD

This presentation will provide an overview of a unique and proven methodology for improving project delivery that will:

- *Reduce cost.*
- *Increase the predictability of project completion on time*
- *Deliver comprehensive and visible project monitoring and control*

You will be introduced to a proven methodology that will radically and simultaneously improve project performance in terms of time, cost and quality.

This systematic way of working is a radical shift from the traditional project management techniques and leads to substantial improvement.

The methodology has been developed utilising the techniques behind:

- Lean
- Constraint Management
- 6 Sigma and structured problem solving
- Systems Thinking
- Conventional PM from Project Management Body of Knowledge (PMBok).

The technique has been applied to projects for leading construction clients including:

- Marks & Spencer
- Yorkshire Water
- Linden Homes
- Highways Agency
- Nottinghamshire County Council
- Ministry of Justice
