

Benchmarking Supply Chain **Best Practice**

The Buildoffsite Registration Scheme operated by Lloyd's Register EMEA is a risk based assessment scheme designed to benchmark offsite providers against best practice in terms of risk management, competency management and process control. The scheme serves as the vehicle for the standardisation of best practice across the offsite industry.

BAA have acknowledged the value of the scheme and have made it a requirement that their 1st tier suppliers must have their off-site supply chain accredited against it

The workshop represents: - A view of the scheme and its benefits from the accredited offsite provider perspective as well as that of the scheme operator
