A greener 32nd floor

Apart of  
Skanska  
Green  
Initiative

# Modern Methods of Construction (MMC)

We have been actively involved in MMC thinking for a number of years:

- **Building Information Modelling (BIM)**
  - 12 areas
- **Offsite fabrication**
  - precast concrete, M&E assemblies, cladding, bridges and gantries, steel decking
- **Logistics management**
  - consolidation centres, city centre construction
- **Modular construction**
  - prisons, gantries, M&E assemblies, residential
- **Fabrication facilities**
  - Doncaster and Slough

ModernaHus  
brings it all  
together
