

# buildoffsite

Enabling collaboration in offsite construction

[www.buildoffsite.com](http://www.buildoffsite.com)

The  
**OFFSITE**  
Construction Show  
20th - 21st November 2018  
ExCel, London

## Day 1 timetable - 20 November 2018

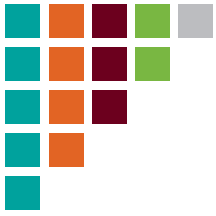

Time	Seminar - C29	Workshop - D23	Conversation - B25
10:00	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.	Meet the Buildoffsite team.	Meet the Buildoffsite team and network with existing members.
10:15		<b>Innovation in Product &amp; Material Solutions</b>  Innovations in material, manufacturing and product solutions are accelerating. This workshop covers innovations in concrete, composites and steel that offer improved solutions for clients and deliver better projects. This Workshop will showcase innovations from C-Probe, Tata Steel, Tufeco supported by the National Composites Centre.	<b>Retail Developments No longer business as usual</b>  Opportunities to hear directly from thought leaders who are introducing innovations to the industry. Hear in detail about what they are doing and why.
10:30			
10:45			
11:00	Meet the Buildoffsite team and network with existing members.		
11:15		<b>The Perfect Storm Understanding Residential Demand</b>  A forward look at Housing. The first of two back to back Seminars with the public and private sectors to examine the evidence on demand.	
11:30			
11:45			
12:00	Meet the Buildoffsite team and network with existing members.		
12:15		<b>Fast Fit Out &amp; Refurbishment the Offsite Way</b>  Innovative offsite is not about putting traditional trades and practices into a factory. Hear from leading suppliers of 'fast fit' solutions that can enable improvement in speed, quality and ultimately cost in both on-site fit-out and offsite manufacturing. Not everything needs to be done in one factory.	
12:30			
12:45			
13:00	Meet the Buildoffsite team and network with existing members.		
13:15		<b>The Perfect Storm Delivering capacity, quality and confidence in Residential supply</b>  The second of two back to back Seminars with the public and private sectors to examine the evidence on supply.	
13:30			
13:45			
14:00	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.		
14:15		<b>Education and Skills to enable innovative offsite</b>  How can we develop the talent and capability to ensure the industry can support the rapid growth of Offsite? The entire industry needs to reskill to deliver construction in new ways and tackle the productivity and quality impasse. Hear from those who are working to bring about change with innovative models of education, apprenticeships and skills development.	
14:30			
14:45			
15:00	Meet the Buildoffsite team and network with existing members.		
15:15		<b>Supporting innovative housing solutions - BOPAS certification</b>  Hear from manufacturers how BOPAS certification is de-risking their offsite investment decisions, giving confidence to lenders and supporting the rapid growth of offsite take-up.	
15:30			
15:45			
16:00	Meet the Buildoffsite team.		
			<b>Achieving Design Excellence with Offsite</b>  Great design is not curtailed by an Offsite approach. It just requires a different application of architects' creativity. The shift of approach to Design for Manufacture and Assembly (DFMA) needs designers to invest time in understanding the core principles and also the capabilities of the supply chain.
			<b>International opportunities for Buildoffsite</b>  Department for International Trade will present how the imminent creation of Buildoffsite Hong Kong will generate opportunities for international collaboration amongst designers, engineers and manufacturers to deliver improved client value, waste minimisation and increased productivity.
			Meet the Buildoffsite team and network with existing members.

**To reserve a place on: Day 1 - Tuesday 20 November**

The **OFFSITE**  
Construction Show  
20th - 21st November 2018  
ExCel, London

## Day 2 timetable - 21 November 2018

Time	Seminar - C29	Workshop - D23	Conversation - B25
10:00	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.	Meet the Buildoffsite team.	Meet the Buildoffsite team and network with existing members.
10:15		<b>Building over rail infrastructure</b> Explore how we could potentially deliver 250,000 additional homes above London's rail infrastructure. Bill Price of WSP will describe the scale of the opportunity and the application of offsite and modular to achieve economic construction.	<b>The industrialisation of construction</b> Hear directly from thought leaders who are working to introduce innovations to the construction industry. What they are doing and why: the opportunities and challenges that exist to build a better industry.
10:30			
10:45			
11:00	<b>The Future is Digital – but why?</b> The role of digital/BIM is recognised as an integral part of project delivery. This session will consider the latest developments in the understanding an use of digital to deliver better project and societal outcomes.	Meet the Buildoffsite team and network with existing members.	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.
11:15		<b>Offsite Collaboration: Delivering Better Projects Faster</b> To deliver the full benefits of offsite construction requires collaboration across disciplines. Opportunity to see how three Buildoffsite members have worked together to deliver a better, faster and more cost effective solution.	
11:30			
11:45			
12:00	Meet the Buildoffsite team and network with existing members.	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.	
12:15	<b>UK Infrastructure: Major Projects Driving Innovation</b> The UK has a £600 billion infrastructure investment pipeline. How much can offsite deliver?		
12:30			
12:45			
13:00	Meet the Buildoffsite team and network with existing members.	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.	<b>Is the Tier 1 Contractor Model Obsolete?</b> The ICE's Project 13 has identified the need to shift the construction model "From Transactions to Enterprises". This will change the role of a traditional Main Contractor. Join the debate with industry leaders to explore the implications for organisations across the value construction chain.
13:15		<b>A Perspective on the Skills Challenge in Offsite Manufacture</b> A closer look at how Berkeley Modular & coBuilder are working together to ensure the more effective utilisation of data to support modern offsite manufacturing.	
13:30			
13:45			
14:00	<b>The Core Innovation Hub: Transforming UK Construction</b> Government's £170m investment to jointly finance the Construction Sector Deal includes funding for collaborative research. This session will explore what this means in practice.	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.	Meet the Buildoffsite team to discuss the wide variety of membership benefits.  Network opportunities with existing members.
