SK	**Scandinavian Airways Flight Prefix**
BHX	**Birmingham International Airport**
CPH	**Copenhagen Airport**
RTN	**Return Flight**
0710	**Departure Date – 7th October**
1410	**Departure Time - 2.10pm**
1210	**Return Flight Date – 12th October**
1750	**Return Flight Time – 5.50PM**

bimobject®

For a successful visit I need to:

pack, arrange transport, obtain currency, confirm meetings, set agendas, set objectives, etc…

…in other words, use my skills or research, to apply the information to…

CREATE KNOWLEDGE

SK BHX RTN 1514 1210 0710 1410 ?

SK — Scandinavian Airways Flight Prefix
BHX — Birmingham International Airport
CPH — Copenhagen Airport
RTN — Return Flight
0710 — Departure Date – 7th October
1410 — Departure Time - 2.10pm
1210 — Return Flight Date – 12th October
1750 — Return Flight Time – 5.50PM
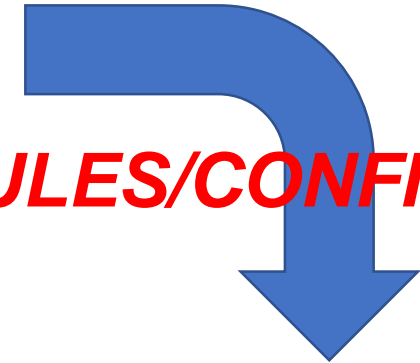

So *DATA*
is the Starting Point for Information, Knowledge and Wisdom

bimobject®

# Configured DATA in Construction Part 1

GEOMETRY
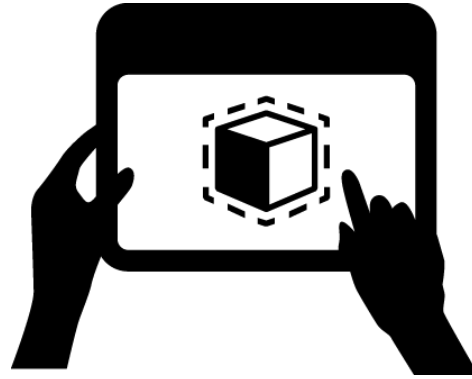

Content Created in Common Industry Software

Configured DATA in Construction Part 2

**PROPERTIES
(data sets)**

Embedded into Geometry or Linked from another Source

Configured DATA in Construction Part 3

SINGLE SOURCE

Single Source of Truth - SSoT

In the BIM Environment **SSoT** is the practice of structuring information models and associated **data** such that every data element is stored exactly once.
