Jill Willoughby

*build*offsite

It is with great sorrow that Trimble has to announce that, after a year of fighting, Jill Willoughby has sadly lost her battle with cancer.

Before she died Jill requested that rather than flowers, please donate to the haematology Dept Charity at the Royal Hallamshire Hospital. They were absolutely brilliant with her and gave her more time with us all.

Don't forget to specify the haemo dept in the comments.
Steve. Xx (Jill's husband)

Thank you
